Light Grey, Dark Grey

### Custom colour blends

Olive, Marine, Green, Dark Green,  
Brown, Beige, Pink, Turquoise, Yellow

### Lighting

LED-TL for 240V, at different  
voltage no fluorescents included,  
2 x 16W.

500 Lux on table at height 15 cm  
height compared to the bottom of  
the AK 2

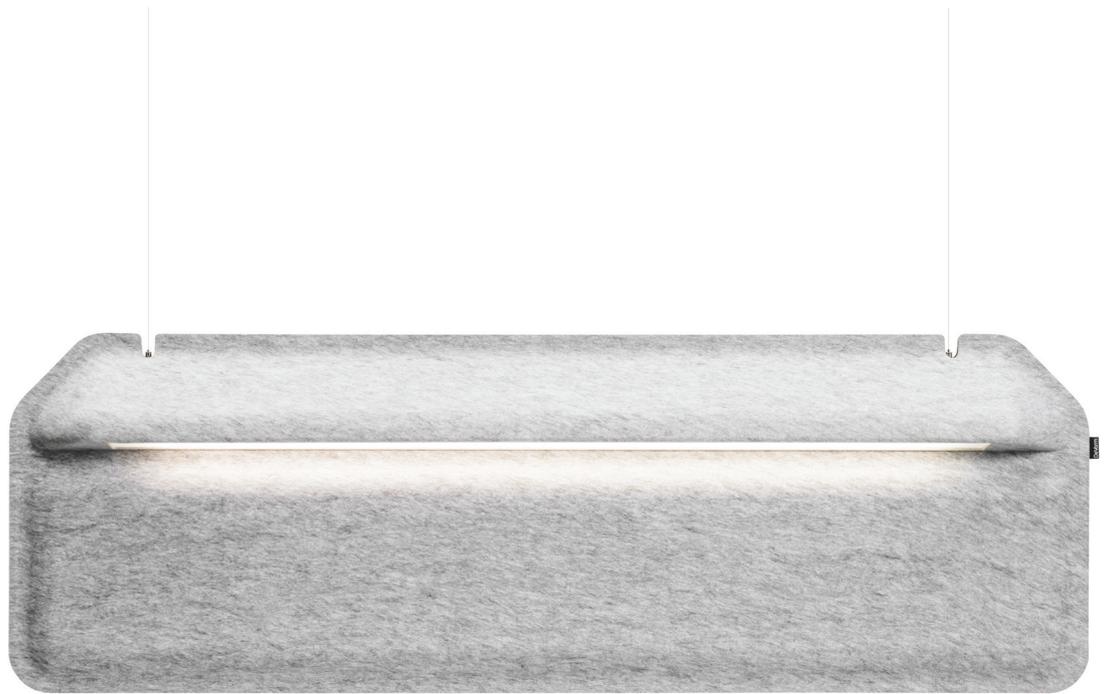

Grounded.

UL Recognized

All electrical components are  
UL recognized

### Note

The AK 2 comes with a LED light  
and 3 metres electrical cord.

## Awards

### Awards

iF Design Award 2017

## Sound absorption

Very good sound absorption at  
the source, good absorption in  
the low frequency range such  
as vocal sounds.

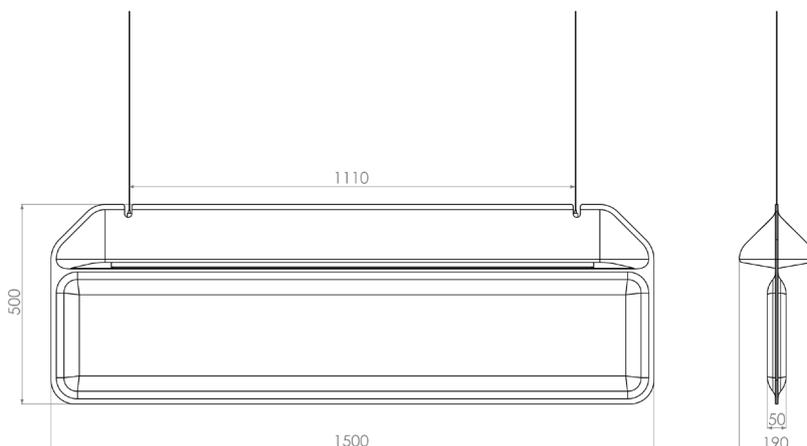

## Additional Information

The lighting fixture has been  
designed, produced and tested  
according to European safety  
regulations (EN-60598 / CE).  
All used components are UL-  
registered. Changes in design and  
technical specifications reserved.

## Measurements

Weight – 10 kg

Carton box – 152 x 53 x 21 cm

## Ingredients

Recycled PET bottles

Sendzimir Fixture

GU13 - Lampholder - ABS Plastic

LED-TL 1200 mm

Nickel-plated steel adjustment vans

Steel cable

Nickel plated ceiling mounting set

Countersunk screws for hanging fixture

Melamine foam

PET-G Lens

Screw + Plug for ceiling mounting set

ABS 3 wire plug

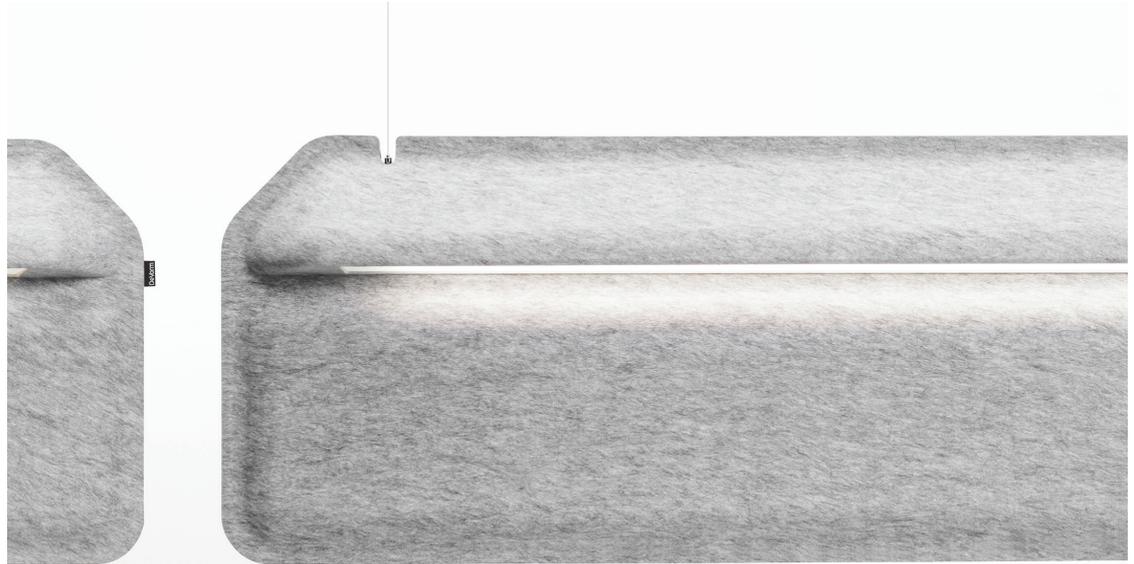

PVC 3 wire Cord- (H03VV-F 3x0, 75)

O-ring-NBR rubber

PE - lustre terminal

Earth clamp-brass

Logo

## PET Felt

PET Felt is made of recycled bottles which are turned into a soft, though strong Felt material, which is long lasting, UV stabilized and has great acoustic performance. PET Felt is both recycled as well as recyclable itself.

Martindale	Pilling
100.000	3/4

Note  
PET Felt is made of recycled material. Different products may have different outcomes in the colour blend.

## Customize the colour

**Choose from our 11 different colour blends.**

The options are there to make it blend in or stand out in any context. The Mute matches perfectly with our PET Felt furniture collection.

Shines light on both sides

Shields its users from their environment

Minimizes sound reverberation

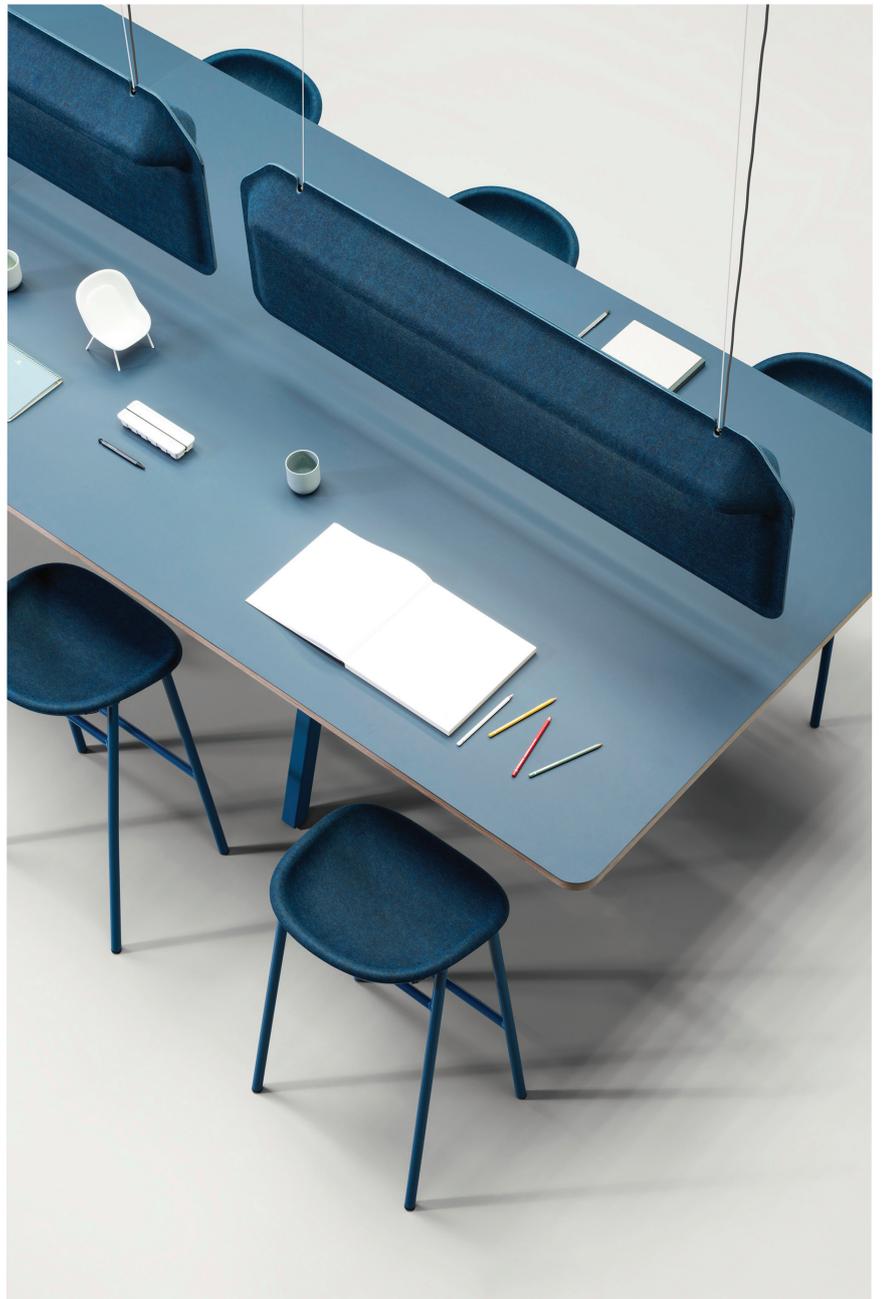

Made of recycled plastic bottles

Available in 11 different colour blends

Perfect match with De Vorm PET felt products

Winner of the iF Design Award 2017

All components are UL listed

## We create interior products by today's standards

De Vorm is established in a new era, we develop products by the standards of today. This means we produce efficiently, use the full lifecycle of products and eventually give them a new life.

Our emphasis lies on making a product that works, by setting a variety of conditions; it should be legible, accessible, but also environmental friendly and aesthetically perfectly in balance.

## We like a product because of its functionality

A good product makes life easier - it should be developed for helping us function better throughout the day. We firmly believe that the beauty of a design lies in the sum of functions that makes it a complete product.

## We continuously raise the bar

From the very first sketches we start combining and developing new techniques to find new possibilities to innovate. Our design process is infused with technical development; techniques result in aesthetic features and the other way round.
