## **custom colours for textile softwall + softblock**

You may order any custom colour for textile softwall + softblock based on the pantone shade of your choice!

Let us know the details of your project and we will provide a quote, confirm lead-time and confirm if the order meets minimum quantity for custom colour orders. The minimum size orders for custom colour are quite reasonable and they vary according to the sizes and combinations of sizes you are looking at. For example 5 units of 2440mm (8') tall textile softwalls meets the minimum per custom colour, as does any combination of softblocks in the same width and adding up to the same overall height as combination of 5 units of 2440mm (8') tall textile softwalls.

For minimum orders per custom colour by size of softwall + softblock, please see chart on the last two pages of this pdf.

12 - 15 week lead time for custom colour textile softwall + softblock (expedited service available)

## custom colours for textile softwall · minimum order quantity

You may order any custom colour for textile softwall + softblock based on the pantone shade of your choice! softwall + softblock is a modular system of freestanding flexible partition walls and building blocks in a variety of sizes, two materials and three standard colours, offering a range of properties including translucency and opacity, acoustic absorption, UV, fire and water resistance. Both materials used contain recycled content and are 100% recyclable. A stainless steel wall hook is provided with each softwall for simple compact storage.
